TMC trying to protect culprits, says PM

BARRACKPORE, 12 MAY

Prime Minister Narendra Modi on Sunday slammed the "vote bank" politics of the Trinamool Congress (TMC) and alleged that the party's goons are threatening the tormented women of Sandeshkhali, where allegations of sexual abuse against TMC leaders have surfaced, to protect the culprits.

While addressing an election rally at Barrackpore in North 24 Parganas district, Modi alleged that under the TMC rule, Hindus have turned into second-class citizens in the state and asserted that "as long as Modi is there, no one can repeal the CAA law."

"All of us have seen what the TMC has done with the sisters and mothers of Sandeshkhali. TMC goons are now threatening the women in Sandeshkhali as the name of the main culprit is Shahjahan Sheikh. TMC is doing everything to protect the culprits of Sandeshkhali," he said. His remarks come in the backdrop of multiple purported videos surfacing on social media, which claimed that a local BJP party leader made several women of Sandeshkhali sign on blank papers which were later filled up as complaints of sexual assault against TMC leaders. Claiming that under the TMC regime, Bengal has turned into a centre of corruption and a "cottage industry of bomb-making", Modi said. "TMC has surrendered before vote bank politics in Bengal, where you cannot take the name of Shri Ram and neither can celebrate Ram Navami," he said. —*PTI.* ***>>>More on Page 4***

Guv molestation row: Didi seeks Modi's response

AMDANGA, 12 MAY

Claiming that Prime Minister Narendra Modi was continuing to "peddle lies" about Sandeshkhali, West Bengal Chief Minister Mamata Banerjee on Sunday questioned why he was maintaining a stoic silence on the allegations of molestation against Governor CV Ananda Bose and not asking him to resign.

Addressing an election rally in North 24 Parganas' Amdanga, which is a part of the Barrackpore Lok Sabha constituency; she said Modi should be ashamed that "BJP's conspiracy" about Sandeshkhali has become public. Banerjee said the Centre's inaction against the governor, who is accused of molestation by a Raj Bhavan staffer, showed the BJP's "true anti-woman character".

"Why did the Modi not ask the governor to resign during his overnight stay at Raj Bhavan?" she said.

Modi arrived in Kolkata on Saturday and stayed the night at Raj Bhavan, before beginning his whirlwind campaign in the state where he addressed four rallies. She said that as the Centre was holding back MGNREGA funds, 69 lakh poor people could not be paid. —*PTI*

Rathorre, who is the chief spokesperson of the Congress' Bihar unit, shared a video to claim that the chief electoral officer of Bihar is herself monitoring the checking of Kharge's helicopter in Samastipur.

"The EC should clarify whether such checking of choppers of Congress leaders is routine and whether similar checks were also conducted on top leaders of the NDA," Rathorre said in his video message.

CM rules out CBI probe in sex scandal case

'It's not that I don't have faith in CBI; cases that need be handed over to CBI will be given'

BENGALURU, 12 MAY

Ruling out transfer of the probe into sexual abuse charges against Hassan MP Prajwal Revanna to the Central Bureau of Investigation (CBI), Chief Minister Siddaramaiah on Sunday said he reposed faith in the Special Investigation Team (SIT) of the State police, which is investigating the case.

Questioning BJP's locus standi to make such a demand, he asked the Opposition party as to why it doesn't trust the police. He also hit out at BJP for making misleading statements aimed at causing confusion in the minds of the people about SIT, which is conducting a "fair probe".

"We are getting the probe done by our police (SIT), we have belief and faith in our police. They are efficient," Siddaramaiah said.

Speaking to reporters here, he pointed out that BJP had once called CBI "Corruption Bureau of Investigation", and the party never handed over a single case to the central agency while in power, despite Congress' repeated demands.

- BJP had once called CBI "Corruption Bureau of Investigation", and the party never handed over a single case to the central agency while in power, despite Congress' repeated demands

He further said, "It's not that I don't have faith in CBI, the cases that need be handed over to CBI will be given. When I was the Chief Minister earlier, I had given seven cases to CBI, but there was no conviction even in a single case... that doesn't mean I dont have faith in CBI... SIT is also an investigating agency like the CBI, we will get the probe done by our police."

Responding to allegations that BJP leader Devaraje Gowda was arrested to save ruling Congress and its leaders, who are allegedly behind circulation of explicit videos, he said BJP's job is to make false allegations.

To a query on Union Minister Pralhad Joshi's alleged statement accusing government of "witch hunt" against BJP workers in connection with the case, he said, Pralhad Joshi is a Central Minister and he should speak responsibly. *—PTI*

BJP demands CBI probe, accuses SIT of 'witch hunt'

BENGALURU, 12 MAY

BJP on Sunday continued their demand for a Central Bureau of Investgation (CBI) probe into sexual abuse charges against Hassan MP Prajwal Revanna and related cases, to ensure a fair investigation.

Prajwal, who is grandson of JD(S) patriarch HD Deve Gowda, is facing charges of sexually abusing women.

While the government has formed a Special Investigation Team (SIT) to probe the cases, BJP and JD(S have demanded that it be handed over to the CBI.

Former chief minister Basavaraj Bommai said bringing out the guilty and ensuring punishment was the primary duty of the SIT, and accused it of "witch hunting".

"People are questioning the way in which the inquiry is progressing. A complaint has been lodged with the National Commission of Women about (a woman) being forced to file a complaint and also complaints are being filed against those who gave information about the sexual abuse case," Bommai said.

Responding to a question on demands that Deputy Chief Minister DK Shivakumar should also be subjected to inquiry, Bommai said, "Inquiring all those linked to the main case and related other cases, will only ensure complete the probe. So, we are saying that if the case is handed over to the CBI, it will be conducted in a fair manner."

Meanwhile, Leader of Opposition in R Ashoka said, BJP's clear stand is that the party will support its alliance partner JD(S) in its fight, and there should be a CBI probe in this case. *—PTI*

MP CM reacts to Cong candidate's withdrawal

INDORE, 12 MAY

Taking a dig at Congress over its Indore Lok Sabha seat candidate withdrawing from the fray at the last moment, Madhya Pradesh Chief Minister Mohan Yadav has said it was not his party's fault if the "bridegroom fled before the wedding". Congress received a jolt in Indore after its candidate Akshay Kanti Bam withdrew his nomination on 29 April, the last date of withdrawal, and later joined BJP. The Opposition party, which has no candidate left in the fray for 13 May election in Indore, is insulting democracy by appealing to local voters to press the NOTA (None Of The Above) button, Yadav said. "If someone's child runs away from home, whose fault is it? They are your children, you should take care of them," he said. Yadav also participated in a roadshow in Indore city in support of BJP candidate and sitting MP Shankar Lalwani. Yadav termed the Opposition INDIA bloc as "Ghamandiya" alliance. —*PTI*

'BJP paid 70 women to take part in Sandeshkhali protest'

Video alleges LoP Adhikari as the brain behind the conspiracy

KOLKATA, 12 MAY

In a purported video that surfaced from Sandeshkhali, a local BJP leader was heard saying that over 70 women had received Rs 2,000 each for taking part in protests against local Trinamoll Congress (TMC) satrap Shahjahan Sheikh and his aides who were accused of sexual assault and land grab.

In the video, lasting over 45 minutes, a man resembling Sandeshkhali mandal President Gangadhar Kayal told this to the questioner. It was Kayal who had earlier said in another purported clip, the first in a series in the past week, that the rape allegations were "staged".

In the latest tape that surfaced on Saturday night, Kayal was heard saying that 70 women got Rs 2,000 each for taking part in protests against Sheikh who was arrested and later suspended by the police.

"We will need Rs 2.5 lakh in cash for 50 booths where 30 per cent of protesters would be women. We have to keep the SC, ST and OBC people here in good humour by paying them satisfactorily. In any situation, women will form the front row confronting the police," he said in the video.

Kayal could not be contacted, but the BJP has dubbed the videos as fake.

TMC Spokesperson Riju Dutta said,"The truth of BJP's fake narrative on Sandeshkhali is tumbling out of the closet."

Multiple purported videos of Sandeshkhali women have surfaced and shared by the TMC in the past few days.

- The second video was about women, who had earlier filed rape complaints, claiming that they were made to sign a blank paper by BJP leaders. In another clip, BJP candidate from Basirhat constituency Rekha Patra claimed that she "doesn't know the rape survivors who were taken to Delhi to meet the President"

In the first such videotape that emerged on 4 May, Kayal was heard saying that the "staged" protests were lodged at the behest of Leader of the Opposition, Suvendu Adhikari, who was behind the "whole conspiracy".

The second video was about women, who had earlier filed rape complaints, claiming that they were made to sign a blank paper by BJP leaders and coerced to go to the police station.

In another clip, BJP candidate from Basirhat constituency and Sandeshkhali protestor Rekha Patra claimed that she "doesn't know the rape survivors who were taken to Delhi to meet the President."

"TMC is using fake videos to change the narrative ahead of the polls. TMC has the least regard for NCW or the dignity of the women of Sandeshkhali. All the videos released are fake and doctored," BJP state Spokesperson Samik Bhattacharya said.

TMC files plaint against NCW Chief, BJP leaders

KOLKATA, 12 MAY

The All India Trinamool Congress has filed a complaint with the Election Commission of India seeking criminal proceedings against National Commission for Women (NCW) chief Rekha Sharma and BJP leaders including Piyali Das for "commission of serious offences of forgery, cheating, fraud, intimidation and criminal conspiracy upon innocent women of Sandeshkhali."

"An interview of a woman from Sandeshkhali was shared on X platform on 10.05.24, which reveals that Smt. Rekha Sharma, Chairperson of the NCW, along with members/ leaders of the BJP, including Smt. Piyali Das (a BJP member from Sandeshkhali), have committed serious offences of forgery, cheating, fraud, criminal intimidation and criminal conspiracy by exploiting innocent women of Sandeshkhali, for political gains," the complaint stated.

The Trinamool claimed that during the interview, a woman from Sandeshkhali shared her distressing experience in which she stated that she was coerced through threats of violence by Rekha Sharma and Piyali Das, to sign a blank paper without knowing its purpose.

Later, when the police issued her a notice, she learnt that she had been made a de-facto complainant in a rape case and she realized that her signature was used to file a false rape complaint without her consent, the TMC said.

When she tried to withdraw the complaint, she was subjected to intimidation and threats from local BJP members, the party said.

"I want to ask five questions publicly - triple talaq, which was abolished by Modi ji... Was it good or bad? Rahul baba, answer the people of Rae Bareli whether you want to bring back triple talaq? They were saying that they will bring it back. Today, I want to ask in the presence of the public of Rae Bareli to make (your stand) clear," Shah said.

On surgical strikes, Shah said, "Modi ji conducted the surgical strikes, was it good or bad? Rahul baba raises questions on surgical strikes. (I) want to ask him, do you support the surgical strikes or not?

"I also want to ask him why you did not go to the Ram temple in Ayodhya (after 'Pran Pratishtha'). Give an answer," Shah said.

"At last, Rahul baba should tell the people of Rae Bareli that do you support the scrapping of Article 370 or not? Rahul baba should answer these five questions," Shah said, adding that the former Congress president should seek the votes of the people of Raebareli after answering these questions.

'Hope 33% women's quota will come to Priyanka's aid'

HAMIRPUR, 12 MAY

Senior BJP leader and Union minister Anurag Thakur took a swipe at Priyanka Gandhi Vadra for not contesting Lok Sabha elections, saying she could possibly benefit from the 33 per cent reservation for women in Parliament brought by Prime Minister Narendra Modi to make her electoral debut.

In an interview with PTI, Thakur also taunted Priyanka's husband Robert Vadra for failing to secure a Congress ticket for himself.

The Union minister said Gandhi family members were welcome in active politics and Congress should in fact work hard because the country wants a strong opposition in a parliamentary democracy.

Attacking Gandhi for abandoning his old Amethi seat, Thakur said the former Congress chief had "runaway" to neighbouring Rae Bareli. Asked if the BJP considers Priyanka a formidable rival since it has dubbed Gandhi as "nonserious", the minister said that was for the people to decide.

POLL BATTLE

Vijaywada turns battleground for brothers

VIJAYAWADA, 12 MAY

The Vijayawada Parliamentary constituency has emerged as the battleground between brothers K Srinivas of Andhra Pradesh's ruling YSRCP and K Sivanath, candidate of the main opposition TDP in the 13 May Lok Sabha polls.

While Srinivas is a seasoned politician, a transport tycoon-turned-politician, his younger brother Sivanath, also a businessman, is trying his electoral luck for the first time. Srinivas,58, the older brother, was a key TDP leader until some months ago but differences with some party leaders at the local and state level compelled him to jump ship to the YS Jagan Mohan Reddy-led YSRCP in January, according to his supporters.

K Srinivas; K Sivanath *PHOTO: PTI*

One of the main reasons attributed to the exit of Srinivas from TDP was the party's decision to replace him with Sivanath as the candidate for the Lok Sabha election. Popularly known as Kesineni Nani and the owner of the now defunct Kesineni travels company, Srinivas, a Parliamentarian for nearly a decade, had also resigned as an MP when he had quit the TDP.

Vijayawada Lok Sabha constituency encompasses the Assembly constituencies of Tiruvuru (SC), Vijayawada West, Vijayawada Central, Vijayawada East, Mylavaram, Nandigama (SC) and Jaggayyapeta.

In the 2019 election, Srinivas secured 5.75 lakh votes, trouncing his YSRCP rival PV Prasad, who secured 5.66 lakh votes while Janasena's M Prasad Babu got 81,650 votes.

Srinivas's poll plank was the "dedication of his life for the city of Vijayawada," located in the heart of the southern state.

As a two-time MP, Srinivas did manage to gain some goodwill, said a 70-year-old local resident, K Tata Rao.

"Kesineni Nani (Srinivas) developed flyovers in the city. Kanakadurgamma flyover and a flyover near the Benz Circle. He did a good job, he will come next time as well," Rao told PTI.

However, he termed Sivanath contesting against his own brother as a "selfish move." —*PTI*

Nijjar's murder: 4th Indian held over suspected role

The case has severely stained India-Canada relationship

WASHINGTON/OTTAWA, 12 MAY

A fourth Indian national has been arrested by Canadian authorities in connection with the killing of Khalistan separatist Hardeep Singh Nijjar in this country, a week after police arrested three Indians linked with the high-profile case that has severely strained India's relations with Canada. Amandeep Singh, 22, a resident of Brampton, Surrey, and Abbotsford areas of Canada, has been charged with first-degree murder and conspiracy to commit murder.

Nijjar, 45, was killed outside Guru Nanak Sikh Gurdwara in Surrey, British Columbia on 18 June, 2023.

The Integrated Homicide Investigation Team (IHIT) of the Royal Canadian Mounted Police (RCMP) said that Singh was arrested on 11 May for his role in the killing of Nijjar. He was already in the custody of the Peel Regional Police for unrelated firearms charges, the release said.

"This arrest shows the nature of our ongoing investigation to hold responsible those that played a role in the homicide of Hardeep Singh Nijjar," said Superintendent Mandeep Mooker, the Officer in Charge of IHIT.

"IHIT pursued the evidence and gained sufficient information for the British Columbia Prosecution Service to charge Amandeep Singh with first-degree murder and conspiracy to commit murder," the police statement said.

Investigators said no further details of the arrest can be released due to on-going investigations and court processes.

IHIT investigators on 3 May arrested three Indian nationals -- Karan Brar,22, Kamalpreet Singh,22, and 28-year-old Karanpreet Singh -- for the murder of Hardeep Singh Nijjar.

All three individuals are Indian nationals living in Edmonton and have been charged with first-degree murder and conspiracy to commit murder.

- Nijjar, 45, was killed outside Guru Nanak Sikh Gurdwara in Surrey, British Columbia on 18 June, 2023

The ties between India and Canada came under severe strain following Canadian Prime Minister Justin Trudeau's allegations in September last year of the "potential" involvement of Indian agents in the killing of Nijjar.

India has dismissed Trudeau's charges as "absurd" and "motivated."

India has been asserting that its "core issue" with Canada remained that of the space given to separatists, terrorists and anti-India elements in that country.

Following Trudeau's allegations last year, India temporarily suspended the issuance of visas to Canadian citizens. The visa services were resumed several weeks later.

Hope there is resolution of issues: EAM

NEW DELHI, 12 MAY

As the eastern Ladakh military standoff entered its fifth year, External Affairs Minister S Jaishankar said India hopes for a resolution of the remaining issues with China and asserted that a return to normal bilateral ties hinges on peace and tranquillity at the border.

In an exclusive interview to PTI, he said the remaining issues mainly pertained to "patrolling rights" and "patrolling abilities".

Specifically asked when a resolution to the row can be expected in the backdrop of Prime Minister Narendra Modi's remarks to Newsweek magazine last month, Jaishankar said he only provided a "big picture" viewpoint on the matter.

"We would hope that there is a resolution of the remaining issues out there. These issues mainly pertain to patrolling rights and patrolling abilities there," he said.

"I would not link it to the Prime Minister's interview per se. I think the he was giving a big picture viewpoint and his big picture viewpoint was a very reasonable viewpoint which is -- after all as neighbours, every country wants good relations with its neighbours," he said.

"But today, our relations with China are not normal because the peace and tranquillity in the border areas has been disturbed. So he (PM) was expressing the hope that the Chinese side should realise that the present situation is not in its own interest," Jaishankar said.

Modi had said that the border situation needs to be addressed urgently and that stable and peaceful ties between India and China are important for not just the two countries but for the entire region and world.

Jaishankar said diplomacy is a work of patience and India continues to discuss the issues with the Chinese side. "I would say that we need to resolve those issues if the relationship is to come back to normal," he said during the interview on Thursday.

All borders may soon have beehives

NEW DELHI, 12 MAY

The Union home ministry has directed all central paramilitary and allied forces to replicate a 'beehives on border fence' beekeeping model initiated by a BSF unit in West Bengal to boost employment opportunities for the locals and create a goodwill with them for strengthening security.

Official sources told PTI that the decision was made during a meeting on "scientific beekeeping and honey mission" that was chaired by Union Home Secretary Ajay Bhalla at his office at North Block here in April.

The model devised and implemented by the 32nd battalion of the Border Security Force (BSF) deployed to guard the India-Bangladesh international border in West Bengal's Nadia district was "lauded" during the meeting and a direction was issued to all the central armed police forces (CAPFs) to adopt it in their respective areas of responsibility, a senior CAPF officer said.

The other border guarding forces, such as the Sashastra Seema Bal (Nepal and Bhutan borders) and the Indo Tibetan Border Police (China LAC), CAPFs like the Central Reserve Police Force (CRPF) and Central Industrial Security Force (CISF) and other forces like Assam Rifles, the National Security Guard (NSG) and the National Disaster Response Force (NDRF) do not have fences to guard but the model can be utilised by them as per their nature of duties, the officer said. The aim of replicating the BSF West Bengal beekeeping model is to generate employment in remote locations.

Itanagar-Naharlagun sees surge in dog bite cases

ITANAGAR, 12 MAY

The twin capital city of Itanagar-Naharlagun has witnessed a sharp increase in dog bite cases over the past week, according to the district medical officer's report.

A total of 117 cases have been reported in the last week.

According to a public advisory issued by the Itanagar Capital Region (ICR) Deputy Commissioner's office on Saturday, the surge in cases has been attributed to the large number of unvaccinated stray dogs in the ICR.

To address the issue and prevent further escalation, ICR Deputy Commissioner Shweta Nagarkoti Mehta issued a series of directives.

The DC has urged all pet owners in the ICR to ensure that their pets are vaccinated and to safely confine any aggressive animals or dogs within 15 days.

The DC, in the directives, cautioned that failure to comply with the said directive will result in eviction of the pets.

Pet owners have been asked to ensure that their pets are always on a leash when outside the home and should not be allowed to roam freely in public places.

In case of any symptoms of rabies in pets, owners have been asked to report to the senior municipal veterinary officer, IMC, or any government veterinary officer promptly.The administration has asked the Itanagar Municipal Corporation (IMC) to coordinate with the Arunachal Dog and Cat Rescue NGO, Lekhi, to capture stray dogs. —*PTI*

SILVER JUBILEE GONE WRONG

Manipur school once joyous, now abandoned

IMPHAL/CHURACHANDPUR, 12 MAY

Razed buildings and burnt furniture. These are what remain of the St. Peter's School in Manipur's Imphal after a year of violence in the state between Kuki and Meitei ethnic groups.

"We were preparing to celebrate its silver jubilee year in 2023. But then the clashes broke out. They burnt everything," said principal Khupkhoman, a Kuki who has since moved to Churachandpur from the Meitei-dominated Imphal Valley region.

Now an abandoned structure, the Manipur Board-affiliated St. Peter's School had more than 800 students till Class 10 pre-3 May , 2023, the day reports of incidents of clashes started pouring in from many parts of the north-eastern state, prompting the closure of educational institutions, offices and businesses.

"Its one day at a time for us. The situation remains unpredictable and we don't plan anymore. The crisis continues, and there is nothing to look forward to or look back upon," Khupkhoman, 62, who moved with her family to the hills of Churachandpur, said.

The school, built by Khupkhoman and her late husband over 25 years, also had her residence on its premises. She now lives with her family in a rented accommodation, displaced like more than 60,000 others from both communities.

But Khupkhoman has not stopped calling families livinfg around the school to take updates about her Meitei students, the Kuki's have moved out.

Recalling the preparations for the silver jubilee year celebrations, Khupkhoman said practice for dance and singing performances were underway.

There was a lot of activity but then, within a night, it was all over, she said with tears in her eyes. The institution was attacked in the early hours of 4 May by a mob.

"The school was everything we had, we had built it step by step, it was where we lived for years... Over 800 students had their hopes attached with our vision and within a night everything was gone. At first, I had thought that this will be over in a week's time and I was already making plans about what all needs to be done before we resume classes again," Khupkhoman said.

"Suddenly, I was left jobless, homeless, hopeless...lost everything," she said.

Unsure about the school's future, its management had moved the Supreme Court in November last year, seeking a direction to the Manipur government to compensate for the losses suffered and the state's failure to launch an investigation to arrest the perpetrators. —*PTI*

Cop killed, over 100 injured in PoK

The protest erupted over high prices of wheat flour and electricity in PoK

ISLAMABAD, 12 MAY

One police officer was killed and more than 100 people, mostly policemen, injured in violent clashes between security forces and protesters agitating against high prices of wheat flour and electricity in Pakistan-occupied Kashmir, media reports said on Sunday.

The disputed region witnessed clashes on Saturday between the police and activists of a rights movement amid a wheel-jam and shutter-down strike across the territory, the Dawn newspaper reported.

Mirpur Senior Superintendent of Police (SSP) Kamran Ali told Dawn.com that sub-inspector Adnan Qureshi succumbed to a gunshot wound in the chest in the town of Islamgarh, where he was deployed along with other police personnel to stop a rally for Muzaffarabad via Kotli and Poonch districts under the banner of the Jammu Kashmir Joint Awami Action Committee (JAAC).

JAAC, which has traders at the forefront in most parts of the state, has been seeking the provision of electricity as per hydropower generation cost in the region, subsidised wheat flour and an end to the privileges of the elite class.

Israeli military tanks started to go deeper into the densely populated Jabalia Refugee Camp in northern Gaza. Witnesses on the ground said military tanks were surrounding evacuation centres and residential buildings, as the area sees mass evacuations and displacement to the western part of Gaza City.

On Wednesday and Thursday, around 70 JAAC activists were arrested by police during raids at their residences and those of their relatives in Muzaffarabad and Mirpur divisions, triggering serious clashes in Dadyal on Thursday. The committee had subsequently announced a shutter-down and wheel-jam strike on Friday, a day ahead of its planned long march towards Muzaffarabad Saturday.

Amid a crippling strike on Friday, violent clashes took place between police and protesters in different areas of Muzaffarabad, the capital of PoK. On Saturday, authorities placed mounds of earth on arteries leading to Muzaffarabad, apart from making more arrests, to prevent people from heading towards the state capital.

Witnesses said that Muzaffarabad division and Poonch division observed complete strikes.

The regional government has called for a heavy contingent of policemen to stop the massive protests.

SSP Yasin Baig said at least one police officer and a young boy were injured as police resorted to teargas shelling and aerial firing in some neighbourhoods after stones and bottles were pelted by protesters. Kotli SSP Mir Muhammad Abid said that at least 78 policemen were injured in the district in "attacks of miscreants under the guise of protest".

SSP Abid said some police officials were also reportedly injured in Doliya Jattan. A total of 29 protesters were injured in the clashes, according to Geo News. JAAC spokesperson Hafeez Hamdani said that the action committee had nothing to do with violence. *—PTI*

PAK TELECOM BLOCK 3,500 SIMS OF NON-FILERS

ISLAMABAD, 12 MAY

Pakistan Telecom operators on Saturday blocked mobile phone SIMs of over 3,500 non-filers of the 5000 cards they had promised to the Federal Board of Revenue (FBR) they would in line with its Income Tax General Order (ITGO) -- a move aimed at compelling 506,671 individuals to place on record their returns for 2023, The Express Tribune reported.

The FBR also sent messages to about 5,000 individuals, warning them that their mobile phone SIMs would be blocked if they did not file their returns. It has further sought details of the blocked SIMs from the telecom operators. As already notified, the board has sent the second batch of 5,000 non-filers to the telecom companies, which had agreed to initiate the manual blocking process of the SIMs in small batches until their systems were fully equipped to automate it. *—ANI*

Hamas regroups elsewhere in ungoverned Gaza

RAFAH, 12 MAY

Israeli forces were battling Palestinian militants across the Gaza Strip on Sunday, including in parts of the devastated north that the military said it had cleared months ago, where Hamas has exploited a security vacuum to regroup.

Israel has portrayed the southern Gaza city of Rafah as Hamas' last stronghold, saying it must invade in order to succeed in its goals of dismantling the group and returning scores of hostages. A limited operation there has expanded in recent days, forcing some 3,00,000 people to flee.

But the rest of the war-ravaged territory seems to provide ample opportunities for Hamas. Israel has yet to offer a detailed plan for postwar governance in Gaza, saying only that it will maintain open-ended security control over the coastal enclave, which is home to some 2.3 million Palestinians. Israel Prime Minister Benjamin Netanyahu has rejected postwar plans proposed by the United States for the Palestinian Authority, which administers parts of the Israeli-occupied West Bank, to govern Gaza with support from Arab and Muslim countries.

With the two close allies divided, Gaza has been left without a functioning government, leading to a breakdown in public order and allowing Hamas to reconstitute itself in even the hardest-hit areas. Palestinians reported heavy Israeli bombardment overnight in the urban Jabaliya refugee camp and other areas in the northern Gaza Strip, which has suffered widespread devastation and been largely isolated by Israeli forces for months.

Residents said Israeli warplanes and artillery struck across the camp and the Zeitoun area east of Gaza City, where troops have been battling Palestinian militants for over a week. They have called on tens of thousands of people to relocate to nearby areas.

Five Israeli soldiers were killed in Zeitoun on Friday, and Palestinian militants fired a barrage of 14 rockets toward the Israeli city of Beersheba that night. *—PTI*

PRO-PALESTINIAN PROTESTS HELD IN US COLLEGE

WASHINGTON, 12 MAY

Small pro-Palestinian protests popped up sporadically on Saturday as colleges and universities from North Carolina to California held commencement ceremonies, including dozens of graduating students at Virginia Commonwealth University who walked out on an address by Gov. Glenn Youngkin.

While some of the estimated 100 students and family members who left during the Republican governor's speech showed support for Palestinians, others held signs signalling opposition to Youngkin's policies on education, according to WRIC-TV.

At the University of Wisconsin-Madison, a small group of demonstrators staged what appeared to be a silent protest during commencement at Camp Randall Stadium. A photo posted by the Wisconsin State Journal showed about six people walking through the rear of the stadium, with two carrying a Palestinian flag. *—AP*

UK knife attacks witness 20% jump; stoke public anxiety

LONDON, 12 MAY

A familiar horror reached Pooja Kanda first on social media: There had been a sword attack in London. And then Kanda, who was home alone at the time, saw a detail she dreaded and knew all too well.

A man with a sword had killed a boy, 14, who was walking to school. Two years ago, her 16-year-old son, Ronan, was killed by two sword-wielding schoolmates while walking to a neighbour's to borrow a PlayStation controller.

"It took me back," Kanda, who lives near Birmingham, said about Daniel Anjorin's 30 April killing in an attack in London's Hainault district that also wounded four people. In parts of the world that ban or strictly regulate gun ownership, including Britain and much of the rest of Europe, knives and other types of blades are often the weapons of choice used in crimes.

Although the number of fatal stabbings has mostly held steady in England and Wales over the past 10 years, headline-grabbing attacks and an overall rise in knife crime have stoked anxieties and led to calls for the government to do more.

In London, such crimes jumped 20 per cent. The other two UK countries, Scotland and Northern Ireland, keep their own statistics.

With knives so readily available, there's only so much that can be done.

Of the 244 fatal stabbings in England and Wales in the 12 months ending with March 2023 — the most recent figures available — 101 were committed with kitchen knives, far surpassing any other type of blade, according to the Office of National Statistics.

The Bristol Post published a timeline in March of more than a dozen knife incidents in that coastal city since the start of the year. It included reports on the stabbing deaths of three teenagers over an 18-day period and another teen who was stabbed to death in February. Meanwhile, a teenage girl in Wales was arrested on suspicion of attempted murder after stabbing a student and two teachers at a secondary school 24 April, police said. *—AP*

The expedition was organised by the Seven Summit Treks and had 20 climbers. They scaled Everest on Sunday morning, said Thani Guragain, a senior staff at the Seven Summit Treks. "At least 20 climbers from Seven Summit Treks including Kami made a successful ascent of Mt. Everest," Seven Summit Treks said. *—PTI*

TURKIYE, GREECE TEST A FRIENDSHIP DEAL

ANKARA, 12 MAY

Old foes Turkiye and Greece will test a five-month-old friendship initiative on Monday when Greek Prime Minister Kyriakos Mitsotakis visits Ankara. They're focusing on trade and energy, repairing cultural ties and a long list of other items placed on the so-called positive agenda. Mitsotakis is to meet with Turkish President Recep Tayyip Erdogan in Ankara on Monday. Erdogan visited Athens in early December, and the two countries have since maintained regular high-level contacts to promote a variety of fence-mending initiatives, including educational exchanges and tourism. Turkish citizens this summer are able to visit 10 Greek islands using on-the-spot visas, skipping a more cumbersome procedure needed to enter Europe's common travel area zone. *—AP*

Flash floods, lava kill 28 in Indonesia's Sumatra; Brazil and Afg suffer too

PADANG, 12 MAY

Heavy rains and torrents of cold lava and mud flowing down a volcano's slopes on Indonesia's Sumatra island triggered flash floods that killed at least 28 people and injured several others, officials said Sunday.

Monsoon rains and a major mudslide from a cold lava flow on Mount Marapi caused a river to breach its banks and tear through mountainside villages in Agam and Tanah Datar districts in West Sumatra province just before midnight on Saturday.

Cold lava, also known as lahar, is a mixture of volcanic material and pebbles that flow down a volcano's slopes in the rain. By Sunday, rescuers had pulled out 11 bodies in the worst-hit village of Canduang and recovered four other bodies in the neighbouring village of Sungai Pua, Muhari said.

The agency said in a statement that at least seven villagers were injured by the flash floods, and rescuers were searching for other possible victims. It said 60 people had fled to temporary government shelters.

The disaster came just two months after heavy rains triggered flash floods and a landslide in West Sumatra's Pesisir Selatan and Padang Pariaman districts, killing at least 21 people and leaving five others missing.

The 9,465-foot Mount Marapi erupted late last year killing 23 climbers who were caught by a surprise weekend eruption. The volcano indicates above-normal volcanic activity under which climbers and villagers must stay more than three kilometres from the peak, according to Indonesia's Centre for Volcanology and Geological Disaster Mitigation.

FMCG companies expect volume growth in FY25

NEW DELHI, 12 MAY

Leading FMCG makers expect a volume-led growth in FY25, with a revival in consumption supported by a lower inflationary environment, projections of a normal monsoon and good rabi crop. Companies such as Britannia, Marico, Dabur, GCPL and HUL in their latest March quarter earnings also expect a revenue growth in the new financial year as the deflationary cycle is over. The companies were forced to slash prices as prices of major commodities had fallen, which had in turn impacted their topline and value growth in the last two quarters of FY24. Besides, they expect a gradual uptick from the rural market, which contributes over one-third FMCG sales in the country. For Dabur "a volume growth will be the way forward" in this fiscal, said its CEO Mohit Malhotra in an investor call.

He remains optimistic of uptick in consumption trends in FY25 and expects a "mid-to-high single digit volume growth". *—PTI*

The pace albeit is slower than Rs 54,177 crore capex spent in April FY24, about 7.3 per cent of the full year budget target of Rs 7.42 lakh crore.

"The capex spending will pick up going forward. Also, the numbers for April are still provisional and will go up in the revised final numbers," the official told PTI.

The capital expenditure during the first month of 2024-25 fiscal was driven by railways, road, and oil and gas sectors.

The Indian Railways and sector PSUs spent Rs 26,641 crore in April, followed by National Highways Authority of India (NHAI) at Rs 6,645 crore.

Among oil and gas sector PSUs, ONGC incurred capex of Rs 2,318 crore, Indian Oil Corporation (IOC) Rs 2,423 crore in the first month of the current financial year.

Hindustan Petroleum Corp Ltd and Bharat Petroleum Corp Ltd spent Rs 1,155 crore and Rs 417 crore, respectively in April. Power sector PSU NTPC spent Rs 2,083 crore. The finance ministry tracks capital expenditure of public sector undertakings (PSUs) that have an annual investment target of over Rs 100 crore.

The Interim Budget for 2024-25 set a cumulative capital expenditure target of Rs 9.01 lakh crore for all public sector undertakings. Of this, Rs 7.77 lakh crore worth capex is to be spent by PSUs with over Rs 100 crore of annual capital expenditure target.

In 2023-24, large PSUs spent Rs 8.05 lakh crore towards capex, exceeding the budget target of Rs 7.42 lakh crore. *—PTI*

FPIs withdraw ₹17,000cr from equities in May

NEW DELHI, 12 MAY

Foreign investors pulled out a massive Rs 17,000 crore from Indian equities in the first 10 days of the month owing to general election and the uncertainty surrounding its outcome coupled with expensive valuations and profit booking. This was way higher than a net withdrawal of Rs 8,700 crore in the entire April on concerns over a tweak in India's tax treaty with Mauritius and a sustained rise in US bond yields.

Before that, FPIs made a net investment of Rs 35,098 crore in March and Rs 1,539 crore in February. Looking ahead, post-general elections, corporate India's strong financial performance in Q4 FY24 is anticipated to be rewarded. While FPIs may adopt a cautious stance until the election results are clear, favourable outcomes and established political stability could see their return in significant numbers, Trivesh D, COO at Tradejini, said.

According to the data with the depositories, Foreign Portfolio Investors (FPIs) experienced a net outflow of Rs 17,083 crore in equities this month (till May 10). There are multiple reasons behind this aggressive selling by FPIs. With the ongoing general election and the uncertainty surrounding its outcome, investors are wary to enter the markets before the election results, Himanshu Srivastava, Associate Director – Manager Research, Morningstar Investment Research India, said.Many investors would have found this as an opportunity to book profit and wait until more clarity emerges on the country's political landscape, he added. *—PTI*

CRISIS RESOLVED

AI Express slowly restoring flights; cabin crew joins duty

NEW DELHI, 12 MAY

Air India Express is slowly restoring its flights and stabilising the network, an official said on Sunday while the cabin crew union emphasised that all members who had reported sick have joined duty. The Tata Group-owned airline, which operates around 380 services daily, has cancelled at least more than 20 flights on Sunday, the official in the know said and added that full normalcy is expected by Tuesday morning.

The strike by a section of cabin crew to protest against the alleged mismanagement at the airline had forced cancellation of hundreds of flights since Tuesday night.

On Thursday, the strike was called off and the carrier also withdrew termination letters issued to 25 cabin crew following a conciliation meeting convened by the chief labour commissioner in the national capital.

The meeting was attended by representatives of the airline and the Air India Express Employees Union (AIXEU).

In a release on Sunday, the union said all the cabin crew who had reported sick have joined back and "as such there is no delay on the part of the cabin crew". "All the cabin crew members who reported sick have joined their duty by 11 May, 2024," it said. However, due to a glitch in the company's scheduling software as it was recently introduced, it is still showing that staff is reported sick.

The official said flights are being slowly restored and stabilisation of the network is expected by Tuesday morning. *—PTI*

INDIA'S COAL IMPORT RISES 8% TO 268 MT IN FY24

NEW DELHI, 12 MAY

India's coal import rose by 7.7 per cent to 268.24 million tonne (MT) in FY24 driven by softness in seaborne prices and likelihood of increase in power demand during summer.

The country's coal import was 249.06 MT in FY23, according to data compiled by B2B e-commerce company mjunction services.

Coal import in March FY24 also rose to 23.96 MT, over 21.12 MT in the corresponding month of the previous fiscal. Of the total volume recorded in March 2024, non-coking coal import stood at 15.33 MT, against 13.88 MT in March FY23. Coking coal import in March 2024 was 5.34 MT against 3.96 MT a year ago.

During FY24, non-coking coal import was at 175.96 MT, higher than 162.46 MT imported during FY23. Coking coal import was at 57.22 MT in 2023-24, against 54.46 MT in 2022-23.

"There was an increase in coal import volumes due to the continued softness in seaborne prices and expectation of a demand uptick during the summer season. However, as there is ample availability of domestic coal in the market, it is to be seen if import demand remains strong in coming months," mjunction MD & CEO Vinaya Varma said.PTI

The all-India production of coal during 2023-24 was at 997.25 MT, registering a growth of 11.65 per cent over FY23. *—PTI*

Infra evaluation for $1T exports by Aug-Sept

NEW DELHI, 12 MAY

A study to assess required infrastructure and identify main industry clusters for achieving the USD 1 trillion merchandise exports target by 2030 may be submitted by August-September to the commerce ministry, an official said.

The official said that the Asian Development Bank (ADB) is doing that study for the ministry.In 2023-24, India's merchandise exports dipped by over 3 per cent to USD 437 billion. Imports during the last fiscal dipped by 5.7 per cent to USD 675.4 billion.

By 2030, the ministry is aiming to more than double the country's outbound shipments of goods.

PHOTO: PTI

Explaining the rationale behind the exercise, the official said that to take the exports to USD 1 trillion, there will be an import of about USD 1.5 trillion, so to handle USD 2.5 trillion worth of trade "we need" additional infrastructure and logistics capacity at roads, ports, airports and railways.

Besides infrastructure requirements, there is also a need to identify the industry clusters from where there will be a large movement of goods.

To query when the ministry is expected to get the report, the official said "by around August-September".

After that, the commerce ministry will share the details with ministries concerned, including shipping, aviation, roads and national highways, and railways.The ministries would see if they need investments for additional capacity development and where all that investment will go.

Another official said that India may need to create an infrastructure which will support an additional 2,000 million tonne of goods movement in the ports. *—PTI*

THE TRANSITION

Consumers' choice sees a shift to luxury items

NEW DELHI, 12 MAY

Indian consumers are transitioning from unbranded products to luxury items, as per a report titled '20 things about Indian consumers' by IndiaQuotient.

The report highlights a noticeable change in purchasing patterns, with consumers increasingly favoring branded luxury goods, indicating a growing market for luxury products in India.

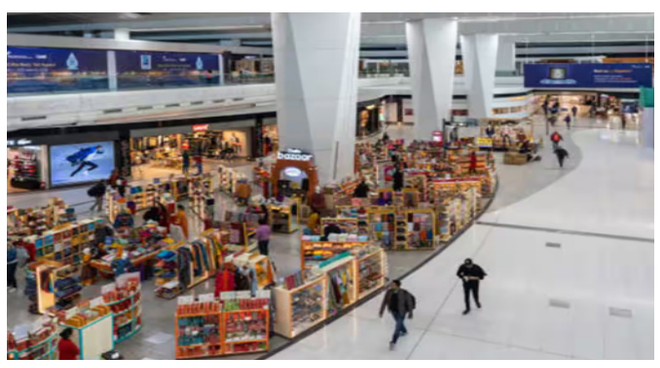

According to the report, tech giant Apple dominates the market with a commanding 67 per cent share of premium smartphones priced above USD 800, followed by Samsung with a 31 per cent share. This data highlights the rising demand for high-end smartphone brands among Indian consumers.

Recently Tim Cook, CEO, Apple lauded Apple India's double-digit revenue growth, marking a new March quarter record. He described India as an "incredibly exciting market" and a major focus for the company.

Additionally, there has been a significant uptick in the prevalence of sunroof-equipped cars in India. In 2023, 25 percent of all cars sold have featured sunroofs, a notable increase from the 7 per cent recorded in 2018. This surge in demand for sunroof cars suggests a growing preference for luxury features among Indian consumers, despite their limited usability in India's hot climate. Consumers are willing to pay between Rs 50,000 to 60,000 for sunroof-equipped cars, indicating their increasing inclination towards luxury.

The report also points out a shift in purchasing behavior among the lower middle class. Driven by the rise of digitalisation in the country, the younger family members are assuming the role of "Chief Technology Officers", leading to a trend of digitizing and branding family purchases.

In the automotive sector, the premium motorbike segment in India witnessed a notable 32 per cent revenue growth in FY23, outpacing the overall motorbike market's growth of 14 per cent. Sales of premium electric two-wheelers tripled in FY23. *—ANI*

GT faces formidable KKR in must-win game

AHMEDABAD, 12 MAY

Shubman Gill's return to form will provide a big boost to Gujarat Titans as they square off against table-toppers Kolkata Knight Riders in their must-win IPL game here on Monday.

Gill roared back into form with his fourth IPL hundred to keep GT's slim playoff hopes alive with a comfortable win against Chennai Super Kings at home in their last outing.

Gill and Sai Sudharsan's twin centuries were the cornerstone of the hosts' huge total and their role will be crucial once again as they face KKR, which has become the first team to qualify for the playoffs.

As many as seven teams are still in the race for the playoffs. While Rajasthan Royals (16) and Sunrisers Hyderabad (14) are well-placed at second and third position, three teams -- CSK, Delhi Capitals, and Lucknow Super Giants -- are at 12 points each.

GT and Royal Challengers Bengaluru are at 10 points and can reach a maximum of 14 points. With a negative net run rate, GT's chances are the lowest and it will take a miracle for the former champions to sneak into the top four.

Shubman Gill and Shreyas Iyer **PHOTO: AFP**

However, one thing is clear, GT will once again have to play out of their skin and register big wins to keep their mathematical chances alive.

GT's bowling has lacked teeth this season with the pacers inconsistent and spinners leaking runs. But the bowlers did manage to snap three CSK wickets in the first three overs in their last outing.

Mohit Sharma's variations and knuckle balls were effective and Rashid Khan's guile also stood out and they would hope for another good outing.

But it will again boil down to the top-order batting, which has failed to fire in the last few games before Gill and Sudharsan came up with sensational tons en route to a record 210 opening stand. —*PTI*

Praggnanandhaa beats Magnus Carlsen but remains third

WARSAW, 12 MAY

India's R. Praggnanandhaa scored yet another victory over world number one Magnus Carlsen of Norway to keep himself afloat even as Wei Yi of China stretched his lead to a massive 2.5 points in the Superbet rapid and blitz chess tournament, a part of the Grand Chess Tour.

With nine rounds still to come in the blitz event, Wei Yi has amassed 20.5 points with seven wins on the first day of the blitz. Ending the day with 7.5 out of a possible nine, Yi seems like a man possessed and unless a hurricane hits him, is poised to win the first leg of the Grand Chess Tour.

Carlsen, on 18, is a distant second at this point and the main reason behind that is Praggnanandhaa, who has been beating the world number one often these days in the faster version of the game.

Praggnanandhaa, however, is far behind the leaders with 14.5 points which makes it a two-horse race for the title.

Magnus Carlsen and R. Praggnanandhaa **PHOTO: PTI**

In the fourth spot is Arjun Erigaisi with 14 points while Duda Jan-Krzysztof of Poland is right behind him on 13. Nodirbek Abdusattorov of Uzbekistan stands sixth on 12.5, a full point clear of Vincent Keymer of Germany, and the eighth spot is now taken by early leader Kirill Shevchenko of Romania with 11 points.

Anish Giri of Holland improved a little to be ninth on 10.5 while the blitz remained a cause for worry for world championship challenger D. Gukesh who is languishing at the last spot with 9.5 points in the USD 1,75,000 prize money tournament.

Carlsen notably mentioned that his nervous system had collapsed following his second-round loss against Praggnanandhaa. The world number one ended with six points out of nine, which is by all standards a decent result but following his loss to the Indian he blundered again and went down to Abdusattorov from a winning position.

Wei Yi started the day with a loss against Gukesh but recovered in quick time to only concede a draw to Carlsen while winning the rest of the seven games.

For Gukesh, it was a tough day despite a great start against the tournament leader as the Indian could only score 2.5 points in all. —*PTI*

WE ARE WORKING TO BE BEST FOR PARIS: HARMANPREET

BENGALURU, 12 MAY

The Indian men's hockey team has identified areas that "needed attention" following its whitewash by Australia in the five-Test series and is ready for the tough European leg of the Pro League, said skipper Harmanpreet Singh on Sunday.

Last month, India, the Tokyo Olympics bronze medallists, lost all their matches to the Kookaburras, raising doubts about their preparations for the Paris Games later this year. But drag-flicker Harmanpreet said the squad has done a lot of high-intensity training and the confidence in the side continues to grow.

"We are in the last stages of an intense training block right now. The team has worked on the areas we felt needed attention after the tour of Australia," said Harmanpreet in a Hockey India release.

"Soon, we will head to Europe to play some essential matches in the Pro League 2023/24 to test ourselves against some tough opponents like Argentina, Belgium, Germany, and Great Britain.

Harmanpreet Singh **PHOTO: PTI**

"The chemistry in the squad continues to grow and with only 75 days left for the Paris Olympics we are working to be in the best shape possible," he added. India will begin their Olympic campaign against New Zealand on July 27. The other teams in Pool B are Belgium, Australia, Argentina, and Ireland. —*PTI*

PATIDAR FIFTY GUIDES RCB TO 187 FOR 9 AGAINST DC

BENGALURU, 12 MAY

Royal Challengers Bengaluru could not exploit Rajat Patidar's blazing fifty to the optimum, settling for a tad underwhelming 187 for nine against Delhi Capitals in their Indian Premier League match here on Sunday. Patidar (52, 32b, 3x4, 3x6) and Will Jacks (41, 29b, 3x4, 2x6) added 88 runs off 53 balls during a breezy third-wicket stand as RCB overcame the early dismissals of skipper Faf du Plessis and Virat Kohli to have a strong middle passage.Du Plessis' slice-off pacer Mukesh Kumar was gobbled up by Jack Fraser-McGurk near third man.Kohli gave signals of another T20 masterclass while creaming 27 off 13 balls, including two sixes off Ishant. —*PTI*

Esha, Anish register 2nd win in Olympic Selection

NEW DELHI, 12 MAY

Esha Singh and Anish Bhanwala registered their second Olympic Selection Trial wins in the women's 25m pistol and men's 25m rapid-fire pistol (RFP) respectively here on Sunday.

While Anish had won the first trial in the same event in Delhi, Esha had claimed the second trial in the women's 10m air pistol, also at the Karni Singh range in Delhi.

At the M.P. State Shooting Academy (MPSSA) ranges, Esha notched her first win in the women's 25m pistol trial, shooting 43 in the finals. Her score was a point more than the world record set by Korean Kim Yeji at the Baku World Cup earlier this month.

Manu Bhaker came second with 40 hits while Rhythm Sangwan picked up the final podium place, bowing out ahead of the 10th and final series with a score of 33. Simranpreet Kaur Brar and Abhidnya Patil were fourth and fifth respectively.

In the men's RFP final, Anish seemed to be in a league of his own, bossing the five-man finals field with three perfect series of five hits in the beginning. He missed just four to finish with 36 hits for the win.

Vijayveer Sidhu did stutter in the beginning, but eventually, held his own to come in second with 31 hits. Ankur Goel was third with 19, while Adarsh Singh and Bhavesh Shekhawat came fourth and fifth respectively. —*PTI*

AMAN ONLY MALE INDIAN WRESTLER TO WIN A QUOTA FOR PG

ISTANBUL, 12 MAY

Sujeet Kalkal and Jaideep Ahlawat resisted their respective rivals well at the World Qualifiers on Sunday but could not add more quotas to India's kitty for the Paris Olympic Games, where the country will have only one male wrestler Aman presenting his challenge. In his crucial 65kg bronze medal contest, Sujeet matched USA's Zain Allen Retherford in terms of skills but conceded a takedown on the counter-attack to lose 2-2 on criteria.

It was Sujeet who got on board first with a tremendous counter-attack move. He was about to concede points on a takedown but surprised the American with his quick counter and led the bout for a considerable period. —*PTI*

MESSI PLAYS THROUGH A SCARE

Miami rallies past Montreal 3-2 for a fifth straight win

MONTREAL, 12 MAY

Lionel Messi played the entire game despite a first-half injury scare, Benjamin Cremaschi broke a tie in the 59th minute and Inter Miami overcame an early two-goal deficit to beat Montreal 3-2 on Saturday night for its fifth consecutive Major League Soccer victory.

Luis Suarez got his 11th goal of the season for Inter Miami, and Matías Rojas scored off a free kick. Jules-Anthony Vilsaint and Bryce Duke scored for Montreal (3-5-3).

Inter Miami (8-2-3) extended its unbeaten streak to seven matches (5-0-2) despite Messi being held without a goal or an assist for the first time in his nine MLS appearances this season. Inter Miami is 7-0-2 in those nine games; one of its losses came against Montreal in March, a game where Messi didn't play.

Playing in Canada for the first time, Messi briefly left late in the first half after some sort of issue with his left knee after being fouled by defender George Campbell. The eight-time Ballon d'Or winner as the world's best player went down immediately, holding his knee and writhing in pain.

Inter Miami's medical staff went onto the field to treat Messi, who got up after about two minutes and walked to the Miami sideline. He was not subbed out, which allowed him a chance to return moments later.

And for whatever reason, the match changed in that moment.

Inter Miami was down 2-0 when Messi got hurt; it was 2-1 when he returned and tied moments after he got back onto the field. Rojas scored off a free kick one that Messi would have ordinarily taken to get Inter Miami on the board, and Suarez tapped in a goal off a corner kick late in first-half stoppage time.

Inter Miami's Lionel Messi (10) pushes forward as CF Montreal's Fernando Alvarez (4) and Samuel Piette (6) defend during the first half of an MLS soccer match on Saturday **PHOTO: AFP**

Suarez became the third player in MLS history to score 11 goals in his first 800 minutes of a season, joining Mamadou Diallo (11 in 2000) and Ola Kamara (11 in 2021).

The go-ahead goal came when Rojas sent a ball into open space and Cremaschi ran it down then made a second effort to nudge the ball just clear of two defenders and into the net for a 3-2 lead. Messi had two chances in the final minutes to extend the lead, both narrowly missing. —*AP*
